GENERAL INFORMATION

The University announces as its summer policy readiness to organize courses for which a demand appears, either or both terms. Courses for which adequate registration does not appear will be withdrawn.

Brigham Young University is organized into the following colleges and divisions:

- Graduate School
- College of Applied Science
- College of Arts and Sciences.
- College of Commerce
- College of Education
- College of Fine Arts
- Division of Religion
- Research Division
- Extension Division

There are forty-two regular departments of instruction. An elementary training school and a secondary training school are also maintained in connection with the College of Education. The University Library contains more than 141,000 volumes and 50,000 pamphlets and bulletins. Twenty-one special collections add strength to the general library. During the summer session the Library is open from 7:00 A. M. until 9 P. M. Numerous special scientific and art collections together with the museum supplement the special equipment of the University.

THE SUMMER QUARTER

The University offers many courses on a quarter basis only, and other courses are so coordinated that the work of the second session is a logical extension of

the work of the first term. All college and graduate students are therefore urged to register in June for a quarter's work as they do for any other quarter of the year. However, in special cases it is possible to register for either term separately.

Admission to the Summer Quarter does not automatically admit students to the succeeding Autumn Quarter.

CAMPUS RESIDENCE HALLS

The University has ample housing facilities for summer school students. Allen Hall will be in service for 56 women and 26 men, with preference to non-veteran men. Wymount Dormitories will be in service for veteran men, non-veteran men, and for women. A number of University-owned co-operative houses will be available for women students. Knight Hall will be in service only for a succession of visiting groups participating in the summer quarter program.

All rooms in campus living units accommodate two persons comfortably. The cost of room and board for occupants of Allen Hall and Knight Hall is at the rate of \$110.00 for the eleven weeks on the basis of two persons per room. For the first term the cost is \$60.00. For the second term the cost is \$50.00. Board is not furnished to occupants of Wymount Dormitories, but is available at the cafeteria on the upper campus.

Applications for campus accommodations should be made early and sent directly to the Office of Student Housing, Brigham Young University. Regular application blanks will be sent on request, and should be returned to the Office of Student Housing, accompanied by a \$5.00 deposit, which should be sent in the form of check or money order. The University does not assume responsibility for currency sent in the mails.

OFF-CAMPUS LIVING ACCOMMODATIONS

The Office of Student Housing maintains a list of living accommodations off-campus. There is prospect of a considerable number of furnished rooms, and room and board. Board is obtainable at the University cafeteria and at other places. Apartments will be relatively scarce, but there will be a fair number available for the summer only.

Arrangements for off-campus housing must, of course, be made in person.

SERVICES TO VETERANS

The University provides a full offering in representative vocational and occupational fields, thus permitting returned service men to meet occupational objectives and other programs under Public Laws 16 and 346. Courses are set up in all departments in such a way as to make continuous work through both summer terms easily possible. Students may thus earn credit for a full quarter's work during the summer session. The University is offering courses in all fields to meet the needs of students who wish to fill group requirements. Every effort will be made to help men make such adjustments as are necessary in order to fit next autumn into the regular student classification as freshmen, sophomores, juniors, or seniors.

The Veterans' Administration has a Counseling and Training Unit on the campus. This organization ensures advice and guidance for all returning veterans.

The University will help all veterans to secure adequate housing.

RECREATION

Though summer school students naturally wish to earn credits, they are entitled to have some fun while they do it. For teachers and others whose regular work draws heavily upon health resources the matter of social contacts and physical relaxation is supremely important. Recreation occupies a large place in Brigham Young University summer sessions. A healthful balance between work and play is maintained. Concerts, socials, teas, and dances are regular parts of the summer school activity. A rich program of lectures, musicals, and entertainments supplement the academic work.

Throughout the summer there will be a wide opportunity for student participation in various intramural sports activities for both men and women.

GYMNASIUMS

Both gymnasiums will be open for showers and activity purposes. Students using the towel service are required to make a twenty-five cent deposit, by purchasing a towel check. The towel check is exchangeable for towel service during regular school hours. Towel checks are redeemable at any time. Students registered for physical education activity courses are required to provide themselves with a basket locker, and an approved combination padlock. Padlocks may be rented from the department. Both gymnasiums will be available for recreational uses by summer school students at various hours during the day. Some types of equipment will be supplied, and supervision and assistance will be given in developing game techniques. Consult the bulletin boards in both gymnasiums for complete details.

1947 SUMMER SCHOOL RECREATION CALENDAR

Thursday June 12, Get-acquainted Social. Recreation Building. 9 p. m. Informal. Summer school students and their friends are invited as guests of the school.

Thursday, June 19, Dancing Party. 9 p. m. Informal. Smith Building.

Saturday, June 21, trip to Timpanogos Cave, and Swim at Hot Pots.

Thursday, June 26, Dancing Party. 9 p. m. Informal. Smith Building.

Friday, July 11, Annual Timpanogos Pre-hike Program. Timpanogos Theatre at Aspen Grove. 8 p. m.

Saturday, July 12, Thirty-sixth Annual Timpanogos Hike. Hike will start at 4 a. m. from Aspen Grove. All hikers reaching the Summit of Mt. Timpanogos will be presented the official Timpanogos Summit Club Badge. The hike will be part of the Utah Centennial Celebration.

Men students interested in playing Volley Ball are invited to meet in the Men's Gymnasium Tuesday and Thursday, 4:00 to 6:00 p. m.

Those interested in Softball will meet at the Stadium House Monday and Wednesday, 4:00 to 6:00 p. m.

Women students interested in recreational activities will note the schedule posted in the Women's Gymnasium.

Both gymnasiums are open daily for physical activity and use of the showers.

THE DIVISION OF RELIGION

Since experience in spiritual things and an appreciation of their deep significance in all human affairs is an essential part of the culture of every educated person, Brigham Young University makes the religious motive foundational to its entire program.

The Division of Religion presents a rich program for all persons who wish to pursue study of religion for general purposes, and for those who wish to teach in the Church seminaries and in all other Church organizations.

DEMONSTRATION CLASSES

Several grades in the elementary school are in regular session throughout the first term. These groups are taught daily by regular teachers of the Elementary Training School. Classes will be organized for (1) kindergarten, 1:00—3:00 p. m.; (2) first grade, 9:00—11:00 a. m.; (3) second and third grades, 9:00—11:00 a. m., and (4) fourth, fifth and sixth grades, 9:00—11:00 a. m. The work of these groups and their teachers may be observed daily by students who are registered in the Summer School.

CLASSES FOR HIGH SCHOOL PUPILS

The work in the high school classes will provide beginning and experienced teachers in secondary schools an unusual opportunity to observe actual learning and teaching situations. Opportunities for diagnostic analysis, and discussion of actual teaching problems and processes will be provided through these high school classes. In a limited number of cases, opportunity will be provided for experienced teachers to participate in the teaching of these classes under supervision; this constitutes an opportunity to secure advanced practice teaching or training in the summer.

It is possible for pupils of high school grade to attend the University High School from June 9 to July 18 and earn high school credit. In view of the present world conditions and of the needs of the high school student at this time several courses are offered.

Students who need only one or two units to complete high school graduation will find their needs served uniquely this summer in the University High School where courses for high school credit will be taught. Able students who are just short of high school graduation may under certain conditions be permitted to enter some college courses where their program demands it. Students take fewer courses in the summer than in the regular year, but more work outside the classroom is required.

WORKSHOP OF THE UTAH CONGRESS OF PARENTS AND TEACHERS

The Utah Congress of Parents and Teachers, through its committee on cooperation with colleges, will sponsor a workshop at Brigham Young University July 7th-11th. The problem considered will be "How To Identify Young People With Their Communities Through Work Experience and Community Service."

With the Congress of Parents and Teachers the following organizations will participate:

- State Department of Education
- University of Utah
- Utah State Agricultural College
- Brigham Young University
- Utah Educational Association
- School Districts of Utah
- Other educational organizations

It will be the purpose of the workshop to study the designated problem on the wide basis of community-school cooperation. Specific ways will be sought by

which students may participate in activities for community betterment. Also, opportunities will be canvassed for students to enter gainful employment and to learn the meaning of work and the value of money—thus becoming through work a part of the community. The main agenda of the workshop will give attention to the part to be played by the home, school, church, service organizations, civic groups, industry, labor, agriculture, business and government agencies, etc., in specific concrete ways in meeting the needs of youth. Through panel discussions, special work-groups and the appearance of guest speakers, variety will be introduced in the program and wide opportunities will be provided for all delegates to participate fully.

Parent-teacher leaders in the Central Utah area will share with B. Y. U. the honor of being hosts, and of extending hospitality to the guests and delegates. The delegates will be selected from school districts throughout the State, and from the participating organizations and groups.

SUMMER MUSIC FESTIVAL

The Los Angeles Philharmonic Orchestra, under the musical directorship of Alfred Wallenstein, comes to the campus as an official Utah County Centennial Celebration. Eight appearances for this renowned orchestra have been arranged for.

The famous Roth Quartet returns for the ninth consecutive season to present a series of chamber music concerts. Frances Watkins, soprano; Carlos Alexander, baritone; and Carl Fuerstner, pianist, each a distinguished artist, are returning and will appear in concert.

Regularly enrolled students may attend these concerts without additional cost.

MUSIC CLINIC

A band clinic will be held from July 29 to August 10. High school and college students from Utah, Idaho, Wyoming, Colorado, Nevada and Arizona will participate in two weeks of concentrated musical activity, including band and orchestra rehearsals, sectional rehearsals, private lessons, ensemble playing and concerts. High school music teachers will receive courses in methods of teaching brass, woodwind and stringed instruments, music theory, and band and orchestra conducting, for which college credit will be granted.

For details concerning the clinic write to Dr. John R. Halliday, Conductor of Brigham Young University Band and Director of the clinic.

THE GRADUATE SCHOOL

At Brigham Young University each College is an under-graduate organization that offers and administers the work that leads to a bachelor's degree. All work beyond that point, i. e., all graduate work falls in the Graduate School and is administered under the Council of the Graduate School. The active administrator is the Dean of the Graduate School. Under the Graduate Council fall all courses that are offered for graduate credit, the amount of credit, the student's registration, his completion of requirements, his thesis, and his admission to candidacy for any advanced degree.

Two higher degrees are offered: the Master of Arts degree, provided the candidate meets the foreign language requirements for the Bachelor of Arts degree; and the Master of Science degree. Three full quarters of work above the bachelor's degree ordinarily permits the student to complete the requirements. Under proper programming of work with the department concerned and with the graduate school, the requirements can be met in three full summer quarters.

The Summer Quarter offers an especially good opportunity for graduate students to pursue their studies and to make progress on theses. Deans, heads of departments, major professors and other members of the regular University faculty are available during the summer session to guide students in formulating graduate programs and to assist in their proper completion. A special effort is made in the summer to assist graduate students who teach during the regular year to select and define problems appropriate for thesis work and to devise suitable procedures for the solution of these problems. Pertinent courses of instruction in the principles of scientific study and the procedures of thesis writing are given.

FEES FOR THE SUMMER QUARTER

In the Summer Quarter students may register for the Quarter, for the First Term of six weeks only, or for the Second Term only. If a student registers for a combination of full quarter classes and one term classes it will be necessary to combine fees accordingly. (If the full quarter classes total more than four credit hours each term, the regular two-term fee will be charged. The special rate applies to registrations of four hours or less each term).

REFUNDS

No refunds will be granted to students who are requested to withdraw from the University because of scholarship or any other cause.

All students when paying fees are given an official receipt by the Treasurer's Office. This receipt and the

Activity Card must be presented when requesting a refund.

College Students:

All fees except \$5.00 will be refunded to any student in residence in good standing who withdraws during the first week of the term.

One-half of all fees paid will be refunded to a student in residence in good standing who withdraws during the second week of the term, but no refunds will be allowed after the second week of the term. In no case will the charge to a regular or special student who registers and withdraws be less than \$5.00.

Refunds will be based on the date on which the students reports his withdrawal to the Dean of Students, who must approve of the withdrawal before any refunds will be made.

A student who changes from regular to special status will not be charged for the course dropped during the first week of the quarter, but will be charged one-half of the difference between regular and special fees if the change is made during the second week of the term. No refund will be made after the second week.

Secondary and Elementary Training School Students:

A refund of \$2.50 per course will be made to any student in the Secondary school who withdraws during the first week of the term. No refund will be made after the first week of the term.

A refund of \$2.50 will be made to any student in the Elementary school who withdraws during the first week of the term. No refund will be made after the first week of the term.

The date of withdrawal shall be that on which the Principal of the school is notified of the wish to withdraw.

REGULAR COURSES OF INSTRUCTION

While regular classes will not be held for fewer than five graduate students, such students may register for graduate work in any department of the University and receive individual attention. Courses bearing numbers above 100 are primarily for graduate students.

Courses not announced in this catalogue, but listed in the Annual Catalogue of the University, may be organized, provided a sufficient number of students apply.

Courses for which an adequate number of students do not register will not be continued beyond the first week of a session.

AGRONOMY

57, 157. Soil Conservation Classification and Survey. Second term. Three credit hours. Four class periods and one laboratory period per week. Farnsworth.

A study of the influence of the natural forces on soil erosion, methods of soil conservation, the effect of climate on soil development, classification of soils based upon soil profile characteristics, and methods of soil survey.

98, 198. Special Problems in Agronomy. First and second terms. Time and credit to be arranged. Martin and Farnsworth.

Fungi as friends and foes, organic matter, antibiotic production and its relation to soil microorganism activity. Individual problems will be based upon the previous preparation of the student.

ARCHAEOLOGY

47. Introduction to Archaeology. First term. M. T.; field work and laboratory, W. Th. Three credit hours. Transportation fee, \$1.00, payable to the University Treasurer. Jakeman.

A general course in modern archaeology, or the historical study of ancient man and civilization through their actual material remains, in both the Old and the New Worlds. Special attention will be given to the bearing of the great discoveries of archaeology on the authenticity of the Hebrew scriptures. As an introduction to the field methods of archaeology, the class will also participate in the actual excavation of a prehistoric Indian mound of Utah Valley.

66, 166. American Archaeology and Early New-World History. Second term. Daily. Three credit hours. Jakeman.

An introduction to the ancient "Indian" history of the New World, from the earliest discovered times to the coming of Columbus and the Europeans. Special attention will be given to the fundamental problems of American Indian origins.

77. Readings in American Archaeology. First and second terms. Time to be arranged. One to seven credit hours. Jakeman.

a. The ancient history and civilizations of Mexico and Central America. Two credit hours.

b. The archaeology of South America. Two credit hours.

c. The Indian prehistory of North America. Two credit hours.

d. The archaeology of Utah. One credit hour.

ART

5, 55, 105. Drawing. Second term. Daily. Three credit hours. Andrus.

Sketching from the model in charcoal, pencil, pen and brush and ink, conte crayon, pastel and oil.

8, 58, 108. Oil Painting. First term. Daily. One to nine credit hours. Fausett.

9, 59, 141. Oil Painting. Second term. Daily. 2-5:30. Two to four credit hours. Birrell.

Outdoor painting in oil. Dynamic design and color stressed. Field trips.

13, 63, 113. Water Color Painting Second term. Daily. Two to four credit hours. Birrell.

Outdoor painting in water color. Dynamic design and color stressed. Field trips.

14. Line Lettering First term. Daily. Two credit hours. Jenson.

15. Brush Work First term. Daily. Two credit hours. Jenson.

16. Simple Layout. First term. Daily. Two credit hours. Jenson.

Prerequisites: Art 14 and 15.

17, 18, 19, 67 68, 69, 117, 118, 119. Process Illustration. Second term. Daily. Three credit hours. Andrus.

A study of print making processes and techniques,

including wood and linoleum block, etching, lithography and silk screen.

25, 75, 121. Textile Design. Second term. Daily. Two credit hours. Birrell.

Wood block, linoleum block, weaving, stencil, batik, tie and dye, and silk screen stencil treated in relation to the decoration of fabrics. The history of design is considered.

39. Studio Art. Second term. Daily. Three credit hours. Andrus.

40, 90, 140. Studio Art—Drawing, Composition and Oil Painting Techniques. First term. Daily. One to nine credit hours. Fausett.

41. Studio Art. Second term. Daily. Two credit hours. Birrell.

42, 43, 44. Art for Elementary School Teachers. First term and second term. Daily. Three credit hours. Jenson.

Deals with the art needs of children, the psychological procedures in teaching art and mastering the techniques and essential subject matter in the field of art.

64, 65, 66. Commercial Art. First term and second term. Daily. Two to four credit hours. Jenson.

Poster designing, layout, and lettering. Prerequisites Art 14, 15, 16.

88, 138. Anatomy for Artists. First term. Daily. 8-10. Two credit hours. Gittins.

91, 141. **Studio Art.**.....First term. Time to be arranged. One or two credit hours. Gittins.

95, 145. **Portrait and Figure Painting.** Second term. Daily. Three credit hours. Andrus.

Sketching from the model in charcoal, pencil, pen and brush and ink, conte crayon, pastel and oil.

92, 93, 94. **Art for Elementary School Teachers.** First term and second term. Daily. Three credit hours. Jenson.

Deals with the psychological procedures in teaching art and stresses the techniques necessary in actual art work.

107, 108, 109. **Pictorial Composition.** First term. Daily. One to nine credit hours. Fausett.

Advanced oil painting.

114, 115, 116. **Commercial Art.** First term and second term. Daily. Two to four credit hours. Jenson.

Graduate work in which individual work is stressed.

BACTERIOLOGY

21. **General Bacteriology.** First term. Daily. Three credit hours. Martin.

A study of the general characteristics of micro organisms, and their relation to man.

22. **General Bacteriology.** Laboratory. Second term. Two credit hours. Farnsworth.

Laboratory course in general bacteriology, designed to accompany Bacteriology 21.

98, 198. Special Problems in Bacteriology. First and second term. Time and credit to be arranged. Martin and Farnsworth.

Fungi as friends and foes, organic matter, antibiotic production and its relation to soil microorganism activity. Individual problems will be based upon the previous preparation of the student.

BOTANY

2. General Botany. Second term. Three lectures and two laboratory periods each week. Three credit hours. Staff.

An introduction to members of the plant kingdom exclusive of seed-plants. The habitat, structure, and life-history of members of a representative series of algae, fungi, mosses, and ferns are considered.

3. Classification of Plants. First term. Three lectures and two laboratory periods each week. Three credit hours. Harrison.

The classification of seed plants and ferns of the Wasatch region to acquire a familiarity with the general principles of systematic botany, to learn the distinctive characteristics of the larger groups of plants, and to develop skill in the use of manuals.

54. Morphology of Spermatophytes. Second term. Two lectures and three laboratory periods per week. Three credit hours. Staff.

A study of the morphology, life histories, classifications, and relationships of the higher plants. Prerequisites: Botany 1, 21.

60. Plant Physiology. First term. Three lectures and two laboratory periods per week. Three credit hours. Harrison.

97, 197. Special Problems in Botany. Either term. One to three credit hours. Harrison.

200. Thesis. Either term. Four to six credit hours. Harrison.

Independent research on a thesis problem and the writing of the thesis.

CHEMISTRY

1. A Survey Course in Chemistry. First term. Repeated second term. Daily. Three credit hours each term. Peterson.

For students other than science majors who desire a knowledge of chemistry for its cultural value. Students who have had high school chemistry should register for Chemistry 4.

4. Principles of General Chemistry. This course continues through both first and second terms. Lecture M. W. F., Laboratory T. Th. Five credit hours. Nicholes.

Prerequisite: High school chemistry or physics, or Chemistry 1, and algebra. Required of chemistry majors, premedical and predental students, engineering, physical science, and biological science majors.

5. Principles of Chemistry. This course continues through both first and second terms. Lecture M. W. F., Laboratory T. Th. Five credit hours. Peterson.

Prerequisite: Chemistry 4.

6. Qualitative Analysis. This course continues through both first and second terms. Lectures T. Th., Laboratory M. W. F. Five credit hours. Wing.

Prerequisite: Chemistry 4 and 5.

10. Elementary Quantitative Analysis. Continuous through both first and second terms. One lecture each week, two laboratory periods. Three credit hours. Wing.

Gravimetric Analysis. Prerequisites: Chemistry 5 and College Algebra.

11. Elementary Quantitative Analysis. This course continues through both first and second terms. One lecture each week. Two laboratory periods. Three credit hours. Wing.

Volumetric Analysis. Prerequisites: Chemistry 6 and College Algebra.

62. Quantitative Analysis. This course continues through both first and second terms. One lecture each week, two laboratory periods. Three or four credit hours. Wing.

Continuation of Chemistry 11. Includes electrolytic processes, lectures and demonstrations of special methods.

71S. Organic Chemistry. First term. Six lectures and nine hours laboratory work per week. Time to be arranged. Six credit hours. Bryner.

A study of carbon compounds. Laboratory experiments in the syntheses and reactions of different classes of organic compounds.

72S. Organic Chemistry. Second term. Seven

lectures and ten hours laboratory work per week. Time to be arranged. Six credit hours. Bryner.

A continuation of Chemistry 71S.

197. Research. Special Problems. Either or both terms. Time and credit to be arranged. Staff.

200 Thesis. Either or both terms. Time and credit to be arranged. Staff.

COMMERCE

ACCOUNTING AND BUSINESS ADMINISTRATION

1. Elementary Accounting. First term. Two hours daily. Two hours laboratory. Five credit hours. Crandall.

2. Elementary Accounting. First term or second term. Two hours daily. Two hours laboratory. Five credit hours. McKnight and Crandall.

Continuation of introduction to college accounting.

51, 151, 52, 152. Intermediate Accounting. First and second terms respectively. Two hours daily. Four credit hours each term. Herbert.

Accounting for corporations, depreciation, bases of revaluation, inventorying, etc. Open to students who have had Accounting 50, or the equivalent.

62, 162. Business and Industrial Management. Second term. Daily. Three credit hours. Hoyt.

The organization and planning of business operations for the most effective control and execution. (See Economics 62, 162.)

63, 163. Personnel Management. Second term. Three credit hours. Boyle.

Principles and techniques involved in developing a modern personnel organization. (See Economics 63, 163.)

69, 169. Business and Financial Problems. Second term. Daily. Three credit hours. Hoyt.

(See Economics 69, 169.)

197. Research. First or second term. Reading and conferences in some chosen subject approved or selected by the instructor. Hours to be arranged. Staff.

200. The Master's Thesis in Business Administration. Each term. Staff.

Credit of not more than six hours will be given upon the completion of an acceptable thesis.

ECONOMICS

1a. Economics—Introductory Course. First term. Daily. Three credit hours. Herbert.

A general survey of our industrial and business society, how modern man produces and exchanges goods and services, and the problems resulting therefrom.

1b. Economics. Second term. Daily. Three credit hours. Herbert.

Continuation of Economics 1a. Further discussion of principles, particularly those pertaining to exchange and distribution—wages, rent, interest, and profits.

2a. Contemporary Economic Problems. First term. Daily. Three credit hours. Pond.

This course emphasizes several of the major problems of reconversion and our post-war economic adjustments, e. g. labor and industrial relations, agriculture, taxation, etc.

2b. Contemporary Economic Problems. Second term. Daily. Three credit hours. Miller.

A continuation of Economic Problems 2a. Special emphasis will be given to our international economic relations..

51. Economics of Consumption. First term. Daily. Three credit hours. Taylor.

A study of the consumer's place in the economic order, both from the individual and the general economic point of view.

(See Marketing 51.)

53a, 153a. Money and Banking. First term. Daily. Three credit hours. Clark.

A study of the principles of money and banking and the exemplifications of these principles in the monetary and banking history of the United States. Prerequisites: Economics 1 and 2.

(See Finance and Banking 53a, 153a.)

61, 161. Labor Problems. Second term. Daily. Three credit hours. Miller.

This course deals with the history and development of labor and industrial problems. Question of wages, labor and government, contemporary problems, etc.

62, 162. Business and Industrial Management. Second term. Three credit hours. Hoyt.

The organization and planning of business operations for the most effective control and execution.

(See Accounting and Business Administration 62, 162.)
